District Attorney Says Man Held For Priest's Murder Sought To Lure Others.

(Continued from Page 1)

Cyril of Pueblo, Colorado, who may have been kidnapped in Louisville, Colorado, but sought off his captors and escaped, is the man charged with the kidnapping of Father Cyril. After identifying Nightower by his voice, height and general appearance as the stranger who came for Father Heslin on the night of the tragedy, Miss Wendel explained the kidnapping of Father Cyril.

"The Father Cyril who was kidnapped in Louisville is not the one for whom I worked at all," said Miss Wendel. "It has been reported from Denver that I was the housekeeper for the father who in 1906 was attacked by a band and who fought them off as they were carrying him into the hills. The Denver police have made this report, I believe.

"This is not true. I have never lived in Louisville, and I do not know the priest's question. In 1906 when the kidnapping happened I was housekeeper for a priest in Pueblo. The name of Father Cyril is a common one in the priesthood."

Virginia Belle Comes to Take Medical Course at U. of C.

MISS ALICE J. HUFF (left) announced her engagement to prominent southerner Saturday when she arrived from Baltimore on the steamship Buckeye State. Her friend, MISS DOROTHY STRICKLAND, has come from the Atlantic to enroll as a post-graduate student at the University of California.

Fame of California Institution Spreading Over South; Girl Declares; Ship Arrives With Notable Tourists

SAN FRANCISCO, Aug. 22.—The inauguration of the direct steamship service between the Atlantic and Pacific made possible by the allocation of the United States shipping board's giant and palatial passenger liners recently, is bringing an influx of prominent easterners and southerners to California, including a numerous aggregation of the prettiest and most charming women of the southland. The arrival of the steamship Buckeye State from Baltimore brought a notable list of tourists and visitors, among them being two belles from Roanoke, Va., both of them connected with prominent families of Virginia.

They are Alice J. Huff and Dorothy Strickland. Miss Strickland is the daughter of Dr. John T. Strickland, the most noted surgeon of his state. There has been a doctor in each generation of Strickland every since the days of universal bleeding for all human ills. There has always been a son to carry forth the traditions, excepting for the present generation.

Miss Dorothy is a graduate of Hollins college and one of the Washington finishing schools. After careful consideration she has decided to follow the career of her father and his fathers before him. The claims of the principal eastern universities offering medical courses were discarded by the Virginia girl, who said she has come here to take her pre-medical course at the University of California.

"The fame of the University of California has spread throughout the country and in addition there is the inducement of the best climate in the world," she explained. "As a result one could not do less than decide to come here. And there will be many of the young women and girls of my state enrolled at the U. C. in the years to come."

It was Miss Strickland who revealed the secret of her friend and acknowledged the truth of the story, has just been engaged to wed a prominent Kentuckian, and the wedding will take place as soon as the California visit is concluded. Captain Dicks of the Buckeye State tendered Miss Huff a special dinner during the voyage from Balboa when the news of the engagement was announced.

JAIL IS REWARD FOR SAMARITAN IN AUTO WRECK

Reno Fugitive Enacts Role of Jean Valjean and Is Arrested.

The Good Samaritan does not always receive the reward to which his kindness ought to entitle him. Sometimes he is treated like Edward G. Clarke of Reno, Nevada, who is in jail because an act of charity brought him into contact with Deputy Sheriff Joe Soares.

About a week ago Edward La Moe of Hayward crashed his automobile into a telephone pole near Hayward, Clarke, arriving on the scene, helped to pull the wrecked car out of the ditch and assisted the victim back to Hayward, where he reported the accident to Deputy Sheriff Soares.

The next day Soares came to his office at the county jail and the first letter he opened contained a circular, with a picture, from Sheriff J. D. Hillhouse of Reno, asking the arrest of the man described for the theft of an automobile. Soares recognized the picture at once as Clarke, who is charged with having purchased an automobile and having taking it from Reno before completing the payments on it.

Today Soares, going to Hayward on a matter of business, passed another auto in which he recognized Clarke. Turning his car about he gave chase for a short distance and took Clarke into custody. He wired Sheriff Hillhouse at once.

Hillhouse, however, was not in Reno. He had gone to Visalia to take into custody Fred W. Nixon, arrested and wanted in Reno on a charge of bigamy. This morning he walked his prisoner into the Alameda county jail and asked to have him looked up until time to take the train back to Reno. Sheriff Barnes, knowing Hillhouse had not had time to get here from Reno, sprung a surprise on Hillhouse by saying "Sure, we'll put him right in with your other prisoner."

Commenting on Clarke's arrest today, Sheriff Barnes declared the Alameda authorities are only paying a just debt, since it was Hillhouse, their chief of police of Reno, who six years ago arrested Emmet Coll, a vagrant, who for this murder of a tramp known as the "Kansas City Kid," near Livermore. The Kansas City Kid was terribly cut all over the body in the most fantastic manner by his murderer, who is now going a life term in San Quentin.

Young Dorman and his father were arrested at Junction, Ill., today, and charged with the murder.

The body of a woman was found in the field June 16 and was first identified as Mrs. Dorman. Serena Gilliland but she later came here from Cincinnati. Chief of Police Roy Clark declared the elder Dorman declared the body of the woman buried on his farm. He was charged with the murder of his wife but that he did not know his wife was dead. According to Clark, Dorman said his wife had eloped with a taxi driver to Denver, Colo.

Briand and Finance Minister in Clash

PARIS, Aug. 22.—That a shake-up of the French cabinet over the indemnity issue was narrowly averted over the week-end, was learned today from a reliable source.

M. Doumer, minister of finance, handed his resignation to Premier Briand because the premier refused to accept the indemnity plan of the allied finance minister last week. The premier refused to accept the resignation because he wished the ministry to remain intact during the delicate negotiations that are now pending on international matters. M. Doumer decided to take a two weeks' vacation to think the matter over.

The finance ministers had agreed to distribute the German indemnity on the basis of priority claims and M. Doumer had accepted on behalf of France. When the agreement was tendered to Premier Briand he rejected M. Doumer's acceptance.

PASTOR BLAMES SCORNED WOMAN FOR HIS PLIGHT

Declares That Revenge Is Responsible For Accusation of Murder.

(Continued from Page 1)

Matthews if an autopsy was necessary. EXONERATED AT CORONER'S INQUEST.

That he was completely exonerated at that time, but now regrets that he had not urged that an autopsy be made, as he says he is uncertain that one performed now by Dr. Craig would be fair.

Spencer admitted that he had practiced medicine in Oklahoma years ago. He said he had no degree from a medical institution, but had been granted a license to practice on his knowledge of the profession.

He stated that his wife had a habit of taking a nerve tonic containing strichnine-arsenate and a kidney medicine containing calcah. He appeared disturbed about the possibility of some of these medicines being found on an autopsy, but stated that if his wife had died from poison, that the water would not have flowed so freely from her lungs.

TELLS STORY OF DEATH OF WIFE

With regard to the night of his wife's death, Spencer related the story twice without nervousness. He was tense and precise and described how, after he had left the boat and was on the wharf, how he heard a scream and a splash.

He said that he ran to the boat and dived into the water several times and finally climbed to the middle of the wharf exhausted, but hurried to the house of Mr. and Mrs. Siddell nearby.

When they returned, he said, they found the body floating on the water and that it must have come up for the first time.

At his wife's request, he told newspaper men yesterday, he turned over to her property in Santa Rosa consisting of three places, and retained a ranch on Alameda Rock road for himself. This property, he says, was placed in escrow and, in case of the death of either, the entire property was to have gone to the other.

WOMAN REFUSES TO DISCUSS CASE.

Spencer in his statement declared that he had been staying for the past two weeks at the ranch at Alameda Rock, rented to J. W. Miller, but Miller in turn denied this today, saying that Spencer had called on him only once.

Mrs. C. D. Barber of 525 Spencer avenue, who was with the accused when he was taken into custody, is the woman of mystery in the case. She declined to say where she was living before moving to Santa Rosa, or anything about herself, except that she had known and been a friend of both Spencer and his wife for many years.

Spencer's claim was that he intended buying a boarding house and had Mrs. Barber assist him in buying furniture and starting the business.

NAVIGATOR OF SHIP SLAIN BY COOK, IS CLAIM

Tale of Tragedy and Wandering Told By Crew of Sophia Christensen.

(Continued from Page 1)

SAN FRANCISCO, Aug. 22.—A sea tale, outclassing in many respects the fiction of Jack London, was revealed today before inspectors of the United States steamboat inspection service investigating a double tragedy aboard the four-masted schooner Sophia Christensen, which limped into this port late Saturday night, her steering gear broken and her forward hold almost filled with water.

According to the story told by Mate Charles Ferris, the master of the school, Michael McCarron, was killed by the Japanese cook, H. Hiyama, when the vessel was thirty days out of Grays Harbor, bound for Callao, Peru, with a load of lumber. The cook was killed by Mate Ferris and Second Mate Dabnoffsky. The vessel continued on its voyage, but according to members of the crew, went far from its destination, due to the inexperience of the mate in navigation. Inclement weather came and finally the vessel was put about and sailed northwest and northeast for days in an effort to make this port, trusting largely to luck. A leak necessitated jettisoning the cargo, and then the steering gear snapped.

U. C. "Rushing" Is Scored By Editor

BERKELEY, Aug. 22.—Present methods of fraternities and sororities are scored by E. W. Bartlett, Jr., editor of the "Daily Californian," a university newspaper.

"Rushing conditions on the campus seem to be going from bad to worse," states Bartlett, who urges a centralized fraternity body to lay down rules for winning new students to membership in the various Greek letter societies.

"Rushing at the present time is a case of unrestricted competition," continues Bartlett. "It is marked by hasty action, superficial judgment and an abnormal amount of insincerity."

A specified date for "rushing" activities with rules and regulations to be adopted by an inter-fraternity council is the solution as seen by Bartlett.

LABOR CHIEFS IN SESSION DISCUSS UNEMPLOYMENT

Gompers Says Workers Willing To Settle Troubles Peacefully or Fight.

ATLANTIC CITY, N. J., Aug. 22.—The executive council of the American Federation of Labor opened a week's session here today, to act upon unemployment and other matters referred to it by the national convention.

Samuel Gompers, president, was quoted as declaring: "We are going to settle labor problems amicably where we can, and where we cannot settle them amicably we are ready to fight."

President Harding looks with favor on labor's request for representation in the disarmament conference, Gompers said today. Gompers said that he, as president of the federation, has been sounding sentiment in organized labor bodies of the country with view of getting their attitude on representation in the disarmament discussion.

Gompers recently suggested to the President that American labor be given equal representation in the conference.

"Labor has always been an advocate of disarmament," said Gompers, "and the full force of organized labor is now being brought to bear on the subject of bringing about world peace through disarmament."

REDS BEATEN OFF

WINNIPEG, Man., Aug. 22.—The Canadian union movement has successfully withstood the "boring from within" campaign dictated by the Third Internationale of Moscow, the executive council today decided in its report to the thirty-seventh annual convention of the Trades and Labor Congress of Canada.

"There has been no let-up in the campaign dictated by the Third Internationale of Moscow," of "battering, slandering and in every possible way undermining confidence and respect for all who hold office in our movement," whether local, national or international," said the report. "This has brought about in many places a temporary weakening of the morale and self-discipline of our members, with the result that the efforts of greedy employers and entrenched interests to bring about a reduction in the standards of wage-earners and to destroy the growing power and influence of the trades union movement have been far more successful than otherwise would have been the case."

While expressing disapproval of some of the declarations and manifestoes issued by the International Federation of Trade Unions during the past year, the report lauds the international for "valuable services rendered in exposing fully the policies of the Third Internationale of Moscow and the dangers to trade unions of accepting the policy of the Third Internationale of Moscow."

It was urged that organized labor have a redemptive mission in the Washington disarmament conference.

The two beautiful homes were saved from being destroyed by the fire-fighters digging trenches around the grounds. The fire started in a grove of eucalyptus trees about a half a mile from the two homes. The origin of the fire is unknown.

HIGH PRICES TO STAY; FOND HOPE GETS HARD BUMP

WASHINGTON, Aug. 22.—High prices are here to stay. W. Jett Lauck, one of the leading economists of the country, made this statement today. The good old days when Mr. Common Citizen's income met living costs without stretch of imagination or strain on pocketbook are gone, never to return, he declared.

The return to normalcy means return to conditions of 1919-1920, not to those of 1913-1914, according to the economist.

To expect a return to pre-war prices and conditions of pre-war years is merely the blindness of men in always looking into the past for the golden age," he said.

BLUE GUM TREES HELD MENACE TO WATER SYSTEM

Superintendent of Streets George Mattis today started a campaign against certain blue gum trees on Thirty-eighth avenue, in order to preserve the water mains along that street. Mattis is also considering an anti-gum campaign through the city.

"The gum," he says, "is the octopus among trees. It spreads its roots around and chokes everything underground within reach." The street department's complaint against the gum tree is that it inserts its slim and silky tendrils into every crack in the city water mains. This would be all right, except that the tendrils then grow, and as they grow they pry the mains apart and inflict enormous damage. There have been cases in Oakland where big roots have grown in water mains, clogging up a whole system.

SEARCH, SEIZURE CLAUSE MAY BEAT ANTI-BEER BILL

Senators United in Opposition To Wholesale License For Dry Agents.

By J. BART CAMPBELL, International News Service Staff Correspondent.

WASHINGTON, Aug. 22.—Senators and representatives who voted for the original Volstead act joined today in the rising storm of protest in Congress against the Anti-Saloon League proposal to legalize search and seizure of private property outside the home by prohibition agents not armed with search warrants.

The proposal, written into the anti-beer bill by Senator Sterling, Republican of South Dakota, and Representative Volstead, Republican of Minnesota, threatens to wreck the plan for a Congressional recess starting Wednesday and to render further doubtful the final enactment of the bill itself.

Opponents of the proposal are ready to wage a long and bitter fight against it. They declare it violated the constitutional rights of the private citizen and would permit indiscriminate search of automobiles, baggage and other private property outside the home on the slightest pretext by the prohibition "police."

Senator Lodge, Massachusetts, Republican leader of the Senate, and Brandegee, Connecticut, are among those who would considerable influence on the Republican side, who declare they will never consent to the proposal, against which a number of

RAT KILLERS TO TRY OUT THEIR SYSTEMS TODAY

Rat catchers and rat experts by the dozens have been tendering their services to Commissioner Carter of the public works department ever since it was found that the western waterfront dredging might tend to send the rats on the garbage dump toward the city mainland. Carter says he welcomes the rat experts.

"Let 'em all come," he says. "We want the rats killed. We do not care whether the experts use poison or mental persuasion, so that the rats are exterminated. The situation calls for action. It is rather serious. We do not want the dredger to drive those big rats inland."

The first series of experiments in rat killing will begin today in various parts of the city, where the efficiency of different systems will be demonstrated to officials of the board of health.

TEACHES 50,000 TO SWIM

STAMFORD, England, Aug. 22.—Councillor Holmes Cornwall, aged 70, has taught 50,000 school children to swim and has saved more than 50 lives. He still gives lessons, being the oldest swimming teacher in England.

Leading Democratic senators, including Frank P. Blair, Stanley of Kentucky and Broussard of Louisiana also are lined up.

Those senators insist that the provision of the "dry" proposal which is intended to impose penalties upon prohibition agents unarmed with search warrants who engage in search or seizure of private property outside the home without "reasonable cause" or with malicious intent, "is sheer lunacy" and "means nothing."

Unless the House "drys" accept the Stanley amendment, Brandegee and his colleagues declare they will continue to hold up the anti-beer bill even if they have to "talk it to death."

The Retailer's Responsibility

Roos Bros. endorse the business policy and code of ethics accepted at the Atlanta Convention of the Associated Advertising Clubs, and by them recommended to all the merchants of America. It is OUR business policy and code of ethics, as you know. Roos Bros., keenly appreciating their position as leaders, conscientiously urge the adoption of these principles by all retailers who have not "cleaned house" or who have not established their businesses on the proper basis with the Public.

(1) That merchants entertain a conception of their stores, not primarily and solely as money-making businesses but as semi-public institutions, with distinct and increasingly definite duties—a recognition that Service must go before Profit—for good profit inevitably and only follows upon good and economical service. (Roos Bros. policy for 36 years.)

(2) That merchants substitute modern, scientific analysis and methods of management for the old, wasteful hit-and-miss, rule-of-thumb, good-enough-for-father, custom-of-the-trade point of view. ("New-store methods and enthusiasm with old-store stability and reliability.")

(3) That selection, training, management and compensation of store employees should look to the happiness and development of the latent power in each individual. (Always a Roos Bros. policy.)

(4) That speed and economy in distribution be the goal of every merchant and that logical analysis of potential demand, with the adoption of modern buying and selling methods to meet these needs, follow as a natural sequence. (Naturally, Roos Bros. would have no other policy.)

(5) That honesty in goods be put above price—that service and satisfaction be put first, and price second—that retailers devote their efforts to exploiting the goods rather than their cost. (Roos Bros. policy for 36 years.)

(6) That the reconstruction of advertising and sales policies be undertaken at once to build public confidence, by the gradual elimination of comparative prices. (Roos Bros. have not quoted comparative prices since 1916.)

held in Oakland. The procession formed at the foot of Broadway, headed by a platoon of the Oakland police department, commanded by Captain J. F. Lynch, the column moved up Broadway at 10:30 a. m. to Twentieth street. The parade marched on Twentieth street to Harrison boulevard and then to the College of Holy Names, where an open-air mass was celebrated.

The parade consisted of about 10,000 members of the institute, representing all councils of the order under Pacific coast jurisdiction. Pretty girls in white, bearing American flags, gaily decorated floats, a full regiment of the League of the Cross Cadets, fourth-degree Knights of Columbus in full regalia, the Catholic Boy Scouts and the Holy Names societies of the Eastbay district comprised the procession, which served for the inaugural for the four days of business and pleasure which will mark the first convention of the order in Oakland in more than thirty years.

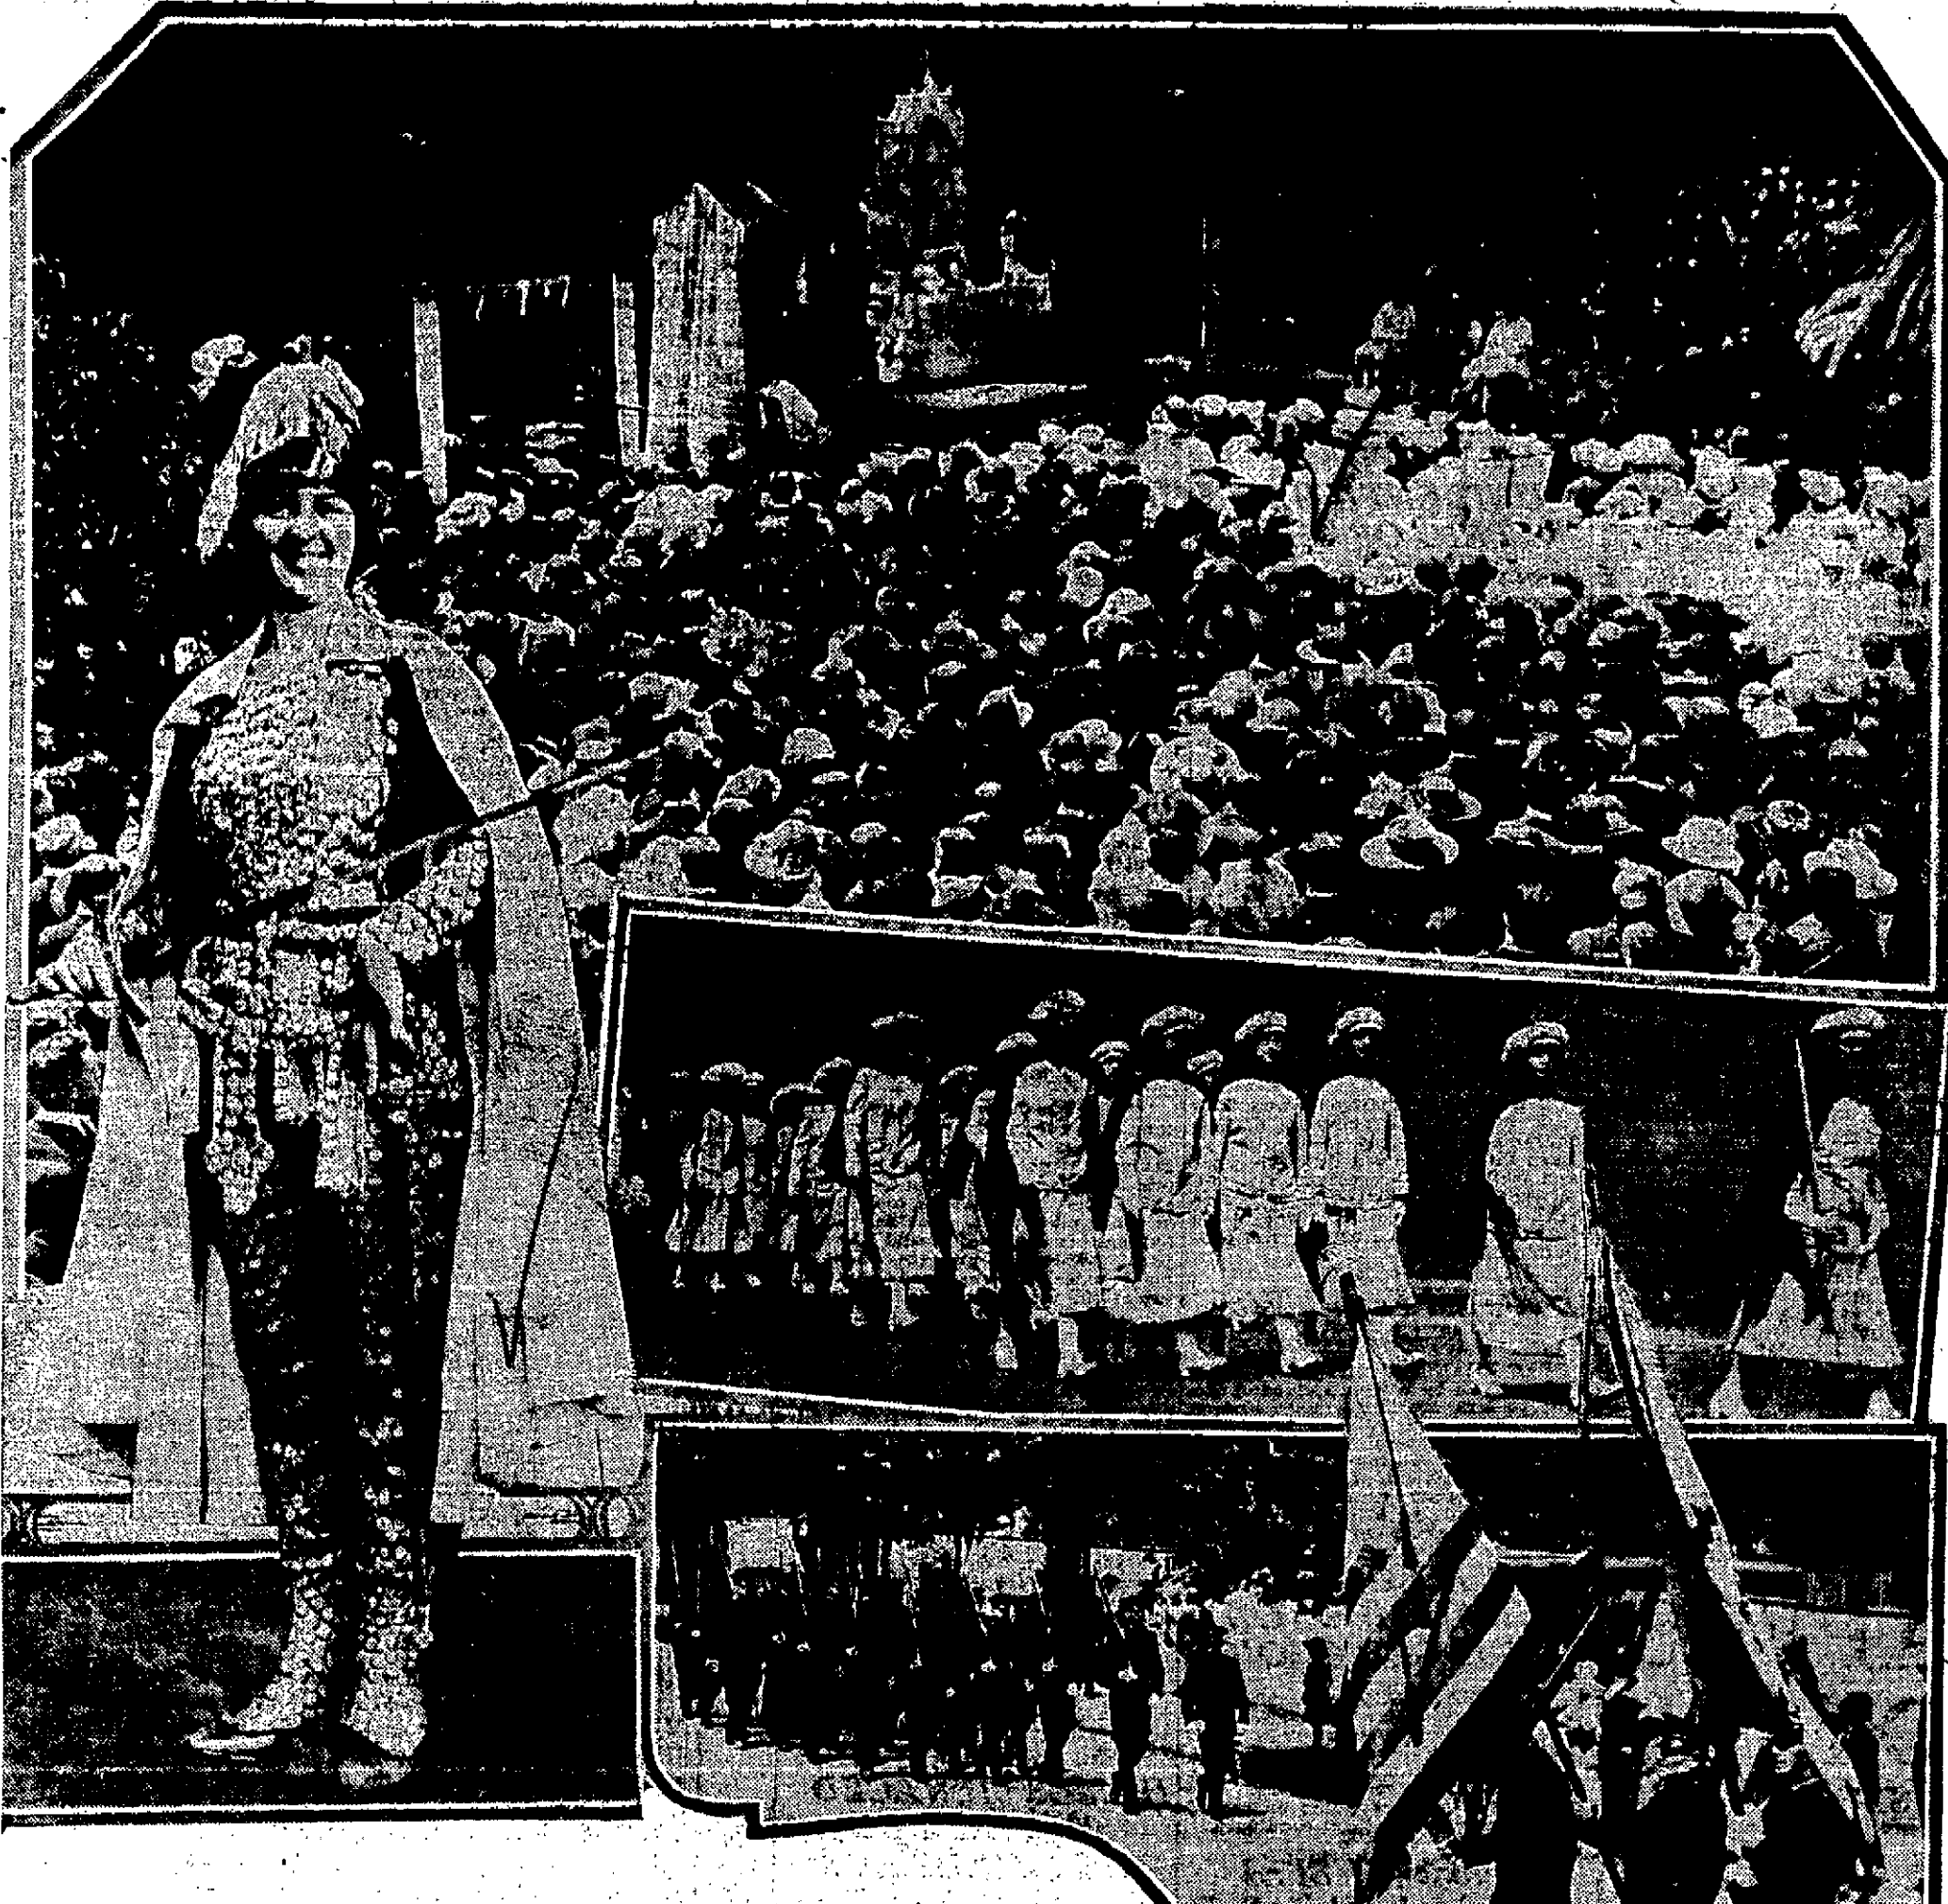

MARCHERS REVIEWED BY GRAND OFFICERS.

With prompt military precision the long column moved over the line of march to the college. Following the police escort came the vanguard of the procession, which included Lieutenant Colonel H. J. Leonard, parade marshal and his staff, George L. Courtney, chief of staff, aides, judges of competition, the military escort of honor, League of the Cross Cadets' band, and a regiment of cadets. A civilian escort of honor also marched with this group. This escort was composed of several councils of the Knights of Columbus and their leaders.

As the parade reached the junction of Broadway and Telegraph avenue, the command "eyes right" was given and the column passed the reviewing stand where grand officers, in order and officials of the League of the Cross Cadets passed their approval on the various units.

The parade was divided into four divisions, each unit headed by various officers. Various council

Because of the conflicting testimony which was given by police officers Prosecuting Attorney Daniel Rygel asked that the case against Mrs. Joseph Perry of the Harrison Apartments, who was charged with driving an automobile while intoxicated, be dismissed. The request was granted by Police Judge Mortimer Smith before the preliminary examination was heard.

The missing police reports concerning the case which could not be located last Friday were not asked for this morning. They had since been found by former Chief of Police Benton Thompson, to whom they were made when Mrs. Perry was arrested.

Rygel in asking that the case be dismissed said:

"That the evidence did not seem strong enough to warrant the holding of Mrs. Perry to answer to the Superior court due to the fact that the testimony of the police officers was conflicting.

She was arrested on Lakeshore boulevard and Grand avenue on June 14.

Woman Given Costs In Suit Against Man

The effort of John M. Thomas to escape the payment of a judgment of \$121 awarded to Mrs. Antonette Castiglione by Judge Harry W. Puffer has failed and cost him \$60 additional. Superior Judge Samuel has confirmed Judge Puffer's decision and added approximately the last amount for further costs and attorney's fees.

Mrs. Castiglione, who operated a restaurant at one of the shipyards, claimed she had loaned Thomas \$100 to set him up in the business of selling milk and other things to workers, of which he had repaid only \$16. She presented a note for the \$100 signed by him. Thomas submitted a counter demand for \$254, claiming he had given Mrs. Castiglione's two children rides in his automobile, had loaned them for two weeks and had loaned his machine to the mother for months. Both courts rejected this plea.

Miss Anna A. Gordon Is Elected Head of W.C.T.U.

SAN FRANCISCO, Aug. 22.—Miss Anna A. Gordon was unanimously re-elected president of the National Woman's Christian Temperance Union this morning at the opening of the fifth day's session of the forty-eighth annual convention in the Civic Auditorium. The board of directors remains unchanged through convention approval. Officers who have served through the past year were unanimously elected. They are:

President, Miss Anna A. Gordon, Evanston, Ill.; vice-president, Mrs. Ella Boole, Brooklyn, N. Y.; corresponding secretary, Mrs. Frances C. Davis, Evanston, Ill.; recording secretary, Mrs. Elizabeth Anderson, Fargo, N. D.; treasurer, Mrs. Margaret C. Muns, Evanston, Ill.

Captain Goff, personal representative of Chief of Police Pacific O'Brien, addressed the delegates today. He detailed his work as a prohibition enforcement officer in the south of Market district, over which he presides, and described the difficulties with which the authorities have to deal in suppressing bootlegging.

POLICE ARE THANKED.

Miss Gordon thanked Captain Goff and the department for the courteous manner in which the police of the city had greeted the visitors. She spoke of the tender fashion in which traffic officers, particularly, had aided them in making difficult crossings in the downtown sections.

Lieutenant Governor Young of Berkeley was introduced as the surprise speaker of the morning. He detailed his observations of the growth of the temperance movement.

The convention will adjourn tomorrow night with a great mass meeting in the interests of the world temperance movement. Miss Anna A. Gordon, national president, and acting president of the World W. C. T. U., Miss Ella A. Boole, Miss Julia F. Davis, and Mrs. Eva C. Wheeler are scheduled as the speakers.

ADJOURNS TOMORROW.

SHINY FACED, STARCHED YOUTHS RESUME SCHOOL

Adequate Housing Is Lacking and Buildings Reported Overcrowded.

The old, familiar sight of youngsters plodding more or less eagerly toward school was seen again today in the highways and byways of Oakland. School opened this morning. The long vacation is ended.

Something between 42,000 and 44,000 school children started their long and arduous adventure into the realm of study for the 1921-22 term, crowding into a school plant, which was intended for about 30,000 at the highest. Reports from nearly all sections of the city tell that schools are overcrowded, and even the portables are strained to the limit. This, despite thirty-five new portables added to various school grounds, and several new school buildings nearing completion.

The street cars serving various schools were jammed to capacity between 8:30 and 9:30 this morning.

While definite figures have not been available, it is believed that the increase in school population over last year may be anywhere from 1000 to 4000. The estimated growth, for which the board of education took up the make provision, is \$600, but it is admitted that this figure may be far exceeded.

RESEMBLE COUNTY FAIR.

There are forty-five schools in Oakland and each school, with few exceptions, has its cluster of portable buildings to house the year-to-year overflow. In some of the more populous centers the schools, with their rows of portables, resembled a County Fair this morning, with places being assigned to the various classes and collections of more or less beaming children.

With hardly any exception, the entire 42,000 or 44,000 school children appeared on the job all washed and dressed in their new school clothes, giving the schools a prosperous and well-dressed appearance which, say teachers, will last until two or three days of strenuous playground exercises takes the starch and crease out of the outfits. After that the schools will "come down to normal."

"The first day of school," says an experienced educator, "is always the most dreary day. Hard working parents give their children new clothes and do everything in their power to start the school year right. In consequence, the youthful students appear in natty raiment and shining faces. The first day is by far the best from a sartorial standpoint."

RELIEF IS SOUGHT.

The office of the superintendent of schools kept busy all day answering minor questions and administering in various schools. Some principals admitted that they were faced with overcrowding and asked relief. Various makeshifts were resorted to. There are 71 new teachers this year to take care of the additional school population. These teachers today took up their new duties in probably strange surroundings and this, it is admitted, will mean adjustments and readjustments until the big school system "settles down" to its business.

"We hope to have a successful school year in spite of the reductions in our budget and our expansion program," says Superintendent of Schools Fred M. Hunter.

800 Rank and File Hold Mass Meeting

A mass meeting of the Rank and File was held in the municipal auditorium last night, approximately 800 persons participating. A half dozen speakers, among whom were W. L. Wright, made short addresses.

who wants an easy fight?" she concluded.

"Opportunity and Being Afraid to Grasp It" was the subject for the convening address.

National organizers held their annual meeting and dinner today at Ramona hotel. Miss Jennie M. Kemp, presiding, and one of the speakers, said: "The Eighteenth Amendment" will be discussed by Major Roy A. Haynes, federal prohibition commissioner, before a mass meeting in the Civic Auditorium.

"Ideas and Ideals of Citizenship" will be the subject for a second address to be delivered by Mrs. Deborah Knox Livingston.

U. S. MARINES ON WAY TO PANAMA TO END LINE ROW

Washington To Enforce White Award Between Costa Rica and Panama.

By RAYMOND CLAPPER.
WASHINGTON, Aug. 22.—American marines aboard the dreadnaught Pennsylvania are on the high seas today, hastening to Central America to see that the verdict of the United States is carried out in the dispute between Panama and Costa Rica.

The United States has served notice on Panama that this government believes Costa Rica should have the disputed territory of Coto, which is at present held by Panamanian troops.

The despatch of a battalion of marines, it was said in official circles here, is merely a precautionary measure to insure that the Pacific end of the canal and may be sent up the coast to the Costa Rican boundary.

This action follows long negotiations between the United States and Panama, which began almost immediately after the inauguration of President Harding.

Panama had seized the Coto district on the Pacific side in retaliation for occupation by Costa Rica of territory on the Atlantic side.

Secretary Hughes protested that dissatisfaction with the award on the Atlantic side should be no excuse for seizure by Panama of the Pacific territory which was assigned to Costa Rica under the Loubet decision, which Panama accepted as fair.

WATCHES BOILING POT.
BY INTERNATIONAL NEWS SERVICE.
LEASING WIRE TO TRIBUNE.

WASHINGTON, Aug. 22.—The United States is sitting today watching a boiling pot in Latin-America.

This government, having informed Panama that the United States does not feel compelled to suggest that Costa Rica delay longer in taking over the disputed territory on the Pacific side, is awaiting further developments.

Officials of the state and navy departments are keeping silent as to the probability of the despatch of marines to Panama but it is believed here generally that the "soldiers of the sea" will receive orders in Panama to supervise the taking over of the disputed territory if trouble threatens.

Narciso Garaya, foreign minister of Panama, who has been in a mission seeking to have the United States change its attitude on the boundary dispute, stated that the republic of Panama had not used force in an effort to thwart the execution of the White award and denied the need of this government using force to put the award into effect.

WILL END OLD ROW.
The population of Panama has heretofore shown itself to be of an extremely explicable nature and it is believed that this is one of the reasons for the orders sending the marines southward. In the event that the people of Panama get out of the control of the government, the marines will be called upon to maintain order in the disputed territory while Costa Rica is executing the White award.

Costa Rica has advised the United States that it is ready to exercise its jurisdiction over the disputed land and in view of the action of this government it is expected that the White award will be made effective in this ending a controversy of some years standing.

One Slain, Two Hurt
In Dance Brawl

LOS ANGELES, Aug. 22.—Amelio Duran, 19, was stabbed to death and his father, Juan Duran, and brother, Escorrega, a friend, severely wounded, yesterday in a fight which occurred at a dance at Lankershim, near here.

Jose and Manuel Ramirez, brothers, were arrested, charged with murder. The Ramirez brothers, according to deputy sheriffs who made the arrests, had been drinking from the dance, but returned and attacked the Durans and Escorrega. When the brothers were arrested, Manuel resisted the deputies and was battered severely about the head before he was overpowered. He was taken to the Los Angeles county hospital, and Jose to the county jail.

Business Civil Service Is Favored by Colbourn

Expressing a belief that a study of the methods employed by the city in selecting its employees would be of benefit to business men, Commissioner Frank Colbourn spoke at the weekly luncheon of the Kiwanis Club at the Hotel Oakland.

Concerning governmental conditions that prevailed in Oakland in other days, Colbourn said that sometimes city employees would come down to work in the morning late and remain an hour or so, after which they would go home. He told of one case where a city employee worked as a professional baseball player in Honolulu, staying there for one month and drawing pay from the city of Oakland.

Concerning graft, Colbourn said: "Let me assure you, gentlemen, that if ever I catch a man grafting under me, his head goes into the barrel." The speaker traced the history of civil service from the year 1871, when the federal government passed a law, known as the Civil Service Act, under which the President was authorized to prescribe a set of rules for admission of persons into the civil service.

COAST LEAGUE RACE TIGHTENS UP WHEN THE SEALS LOSE

ANDY SMITH, CALIFORNIA COACH, HAS MATERIAL WITH WHICH TO BUILD ANOTHER WINNER

STATE CHAMPIONSHIP GOLF TOURNAMENT TO COMMENCE SEPT. 3RD

Personnel of the North Team To Play Southern Golfers Causes Discussion on Links.

With the California golf championship scheduled for September 3 to 11 and the North versus South tourney now only a few weeks away, the devotees of the royal and ancient pastime are spending their leisure moments picking the winner of the former event and the personnel of the sectional teams. These two events will be the biggest golf affairs of the State this year and with the South sending a strong team to Del Monte, they calculate will run away with both tournaments, bay section enthusiasts are giving considerable attention to their entries.

Though there was some doubt as to whether Dr. Paul Hunter of Pasadena would enter, word from the South tells of the entry of the doctor, and accordingly he will be among those present at the start. Should the southern physician, however, decide to remain out of the competition the Northern aggregation which will journey to the Pebble Beach course will not be through their travels for the South will still have Norman Macbeth, winner of the Northern California title, who has been improving his game right along. This golfer has demonstrated time and again his prowess with the "stick" and will remain in the second division. Other players of note are Neville, Elliot, Calender, Robert Hunter et al. of the North to stay off the track.

Macbeth the club from below Tehachas will have such other talent upholding their colors as Scott Armstrong, last year's runner-up in the state event, W. H. Seaver, C. H. Palmer Jr., W. Decon, Frank Catrum, Nelson Barker, Grant Gartz, Walt Campbell and George Cline. All of these men have been playing a good game this year and it is conceded by all that the local contingent will have to be at their best to keep the South from dominating its last year's performance of capturing the trophy.

Neville Has Won Honors Three Times.

Jack Neville, however, is to be conceded one of the best chances of taking the title. He has won the trophy his 1919 form the former title-holder should step right for all the spoils. He has won the trophy three times already, first in 1912, then the year following and 1919 also found him on top of the list. He is a right-handed golfer, and is probably better acquainted with the Pebble Beach course than any other player who will enter this year's tourney, and this fact alone should help him make his mark.

From San Jose will emerge Dr. A. Don Hines, who has been mentioned as a possible contender for the title. Hines is a member of the Northern team, and along with the San Josean will come Country Club, who in the recent home and home match between San Jose and Burlingame showed himself to be in the finest form and his knowledge of the course should aid him materially. Berkeley's representative, Robert Hunter, will also be a contender, as will Vincent Whitely, who is slated to play in the individual match.

At the Monte Country Club this week will be found the Rotarian Club golfers, who have grown to such large numbers in the past few years that the members have decided to hold an annual tourney hereafter.

San Francisco women will be on deck at the Lincoln Park course next Monday to start off on the annual championship in name, was originally designed to encourage new players, and therefore always has a goodly number of novices among the entries. Many special prizes are to be offered that year and the new players will receive, according to the experts of the affair, every encouragement from the more experienced golfers.

Up at Wapuna a week-end tourney will be held, and the city players will combine their annual outing with a little golf and will enter this affair.

U. S. C. Will Get A Crack At The U. C. Bears This Season

If the University of California football team will be, as its followers think, as strong as it was last season, the other eleven will have a much worth shooting at. It is hardly likely that the Californians will be any better than they were last year, and it is more than probable that the margin of strength will be considerably improved. Under the circumstances, it does not seem likely that the Bear will run away with the title as it did last season. One of the most interesting clashes of the year will be that between California and the University of Southern California. There is much curiosity as to the margin of strength between these two teams in view of the claims made last year by the Southern California institution.

Arlett Again Hangs Defeat On the Angels

Oaks Drop Second Game And the Series To Scraps.

LOS ANGELES, Aug. 22.—Los Angeles and Oakland split the Sunday double-header on a fifty-fifty basis, which was plenty far enough except that the Seraphs copped the series five to three, due to a double win Saturday afternoon.

Buz Arlett blanked the home guard in the morning while his mates made five runs off the Angels. In the afternoon, Lefty Wright tried to even up the series but he was bumped hard in the fifth and sixth innings and neither pitcher could get the job done. The combat went to the Angels six to nothing. Louie Gusto cracked a long home run for the Oaks in the morning.

Tigers Take a Pair of Games From S. F. Club

Seals Unable To Hit the Classy Pitching of Vernon Men.

The Tigers proved yesterday that the Seals aren't real pitching when they took both games of the double-header from the San Francisco boys. Lefty Wright pitched the Cats to a 2 to 1 victory in the local grounds in the morning and in the afternoon, Johnnie Mitchell let them down with five hits and a solitary tally while the victors gathered seven runs and eleven hits off an assorted variety of Seal batters.

The afternoon combat was led right away by the Tigers. They went after Jim Scott in the first inning and hammered him to the clubhouse after one man had been disposed of. Johnnie Mitchell smacked three times and could not get a man out. Ernie Shore then went to work and pitched a fast game of ball. The Tigers won the second game, 4 to 3.

ANOTHER BUSY WEEK OF TENNIS SCHEDULED IN THE EAST

NATIVE SONS OF THE GOLDEN WEST WILL SPONSOR WEDNESDAY NIGHT'S BOXING SHOW

FAST PERFORMERS TO APPEAR AT WEEKLY FIGHT ON WEDNESDAY

Native Sons Sponsor Boxing Show at Auditorium; Borba and Williams Top the Card.

By BOB SHAND.
The Native Sons of the Golden West are enthusiastic over the prospects of a record crowd at the Auditorium Wednesday night when Promoter Tommy Simpson will stage a hit-party for the benefit of the natives. There is going to be a big convention and everything here and it is up to the local parlor to buy ice cream sodas and things for their guests and the only way they can corral the kale is by giving entertainments. In the past it was customary to knock off the city council for a few hundred berries to defray expenses of entertaining visiting delegates, but the N. S. G. W. decided to go out after the money themselves and Wednesday night's show will be the first of a series of entertainments.

In honor of the occasion Monsieur Simpson has arranged a nifty set of arguments with some real hard hitting. Harry Williams, who is handling the affair for the natives, advised Monsieur Simpson to stick a diamond in the scrapers' medals if this would make 'em hustle, and Tommy did that little thing.

Williams and Borba In the Main Event.

At the top of the card are Red Williams and Henry Borba. Red Williams is a real hard hitter and he gave Johnny Burns such a good time a few weeks ago. Red can take 'em—he proved that in his fight with Burns, and he can give 'em a good time all the time and a lad like this is bigger in every way than Borba and should give the valley champion a tough argument.

Little Henry has done all that has been asked of him, even the old not-robbed decision over "Racehorse" Roberts last week. Borba is a real fighter who keeps boring in and hitting all the time and a lad like this can always get by in this man's town, even if he doesn't win all his fights.

Can Dynamite Murphy Hit Terio Vargas?

Can Dynamite Murphy sink Terio Vargas? Up Sacramento way, where Murphy hails from, they think he can, and there will be quite a delegation from the capital at the battle. Little Murphy carries the kick of a welterweight and he is no bigger than a minute. He was boxing on even terms with Lee Mason last week when he hooked one, just one right-hand to the body and Mason was through for the evening. There is not a doubt but that Vargas will be in the pantry, but the question rises, "Can Murphy hit Vargas?" Terio is one of the cleverest glovermen in the game today, and this in-

Casters Make New Records at Portland Meet

Illinois Men Show How to Cast A Fly Long Distance.

PORTLAND, Ore., Aug. 22.—Three new world's records were set here yesterday by anglers competing in the thirteenth annual international fly and bait casting tournament.

George G. Pratt of the Illinois Casting Club made a new average of 135 feet in the four and three-fourths ounce distance fly. R. D. Heffelfield also representing the Illinois club, set a new average of 197 4-5 feet in the one-quarter ounce distance bait event and William Stanley of the same club made a new average of 209 1/2 feet in the fisherman's plug distance bait event.

In the 4 1/2 ounce distance fly Charles C. Lucke of the Chicago Fly Club broke the previous record, taking second place with an average of 113 feet. In the one-quarter ounce distance bait, George G. Pratt won second place, shooting above the former world's record when he pushed the bait out for an average of 173 1/2 feet.

One Johnny Loff

The old birds who finished the 1921 season with the flying of the TRIBUNE Derby on July 4th are a sorry looking lot, as the mounting season is in full swing and the birds resemble picked chickens. Nevertheless the veteran of many thousand miles of air flight will be in the pink of condition by the first of the year and will be able to step out and do a couple of thousand miles by early spring.

The next morsel on the racing pigeon menu will be the Labor Day Handicap to be down under the auspices of the California State Fair, from Sacramento to this vicinity on September 5, following which will be the Admission Day Handicap from the Sacramento State Fair grounds on September 8.

Wilson and Downey To Post Big Forfeits

NEW YORK, Aug. 22.—Jed Rickard, promoter of the coming Johnny Wilson-Bryan Downey middleweight championship bout at Jersey City on Labor Day, will demand forfeits of \$5000 for weight and appearance instead of the \$1000 originally announced. It is explained today, Rickard, it is explained today, make sure that the fighters will not scale above the 160-pound limit.

WEST IS GETTING A CORNER ON THE EAST'S TENNIS CUPS

Eastern Folks Get What the West Leaves

NEW YORK, Aug. 22.—A little group of California men, women and children came East a few weeks ago with some tennis racquets. They are going back home soon with almost everything the East has to offer in the way of championships, silver bowls and cups. If they could not get the whole lot, they took one of its legs. Two things they wanted but failed to capture were the women's national championship and Suzanne Lenglen's goal.

Miss E. Mallory acquired both for the greater glory of the East. It was with the hope of showing Miss Lenglen's French champion, that she could not corner the market in laurel wreaths that the two greatest women players who ever came out of the West—Mrs. May Sutton Bundy and Miss Mary K. Browne—returned to tourment play after long years in retirement. Because of Suzanne Lenglen's illness and her default in her match with Mrs. Mallory last Tuesday neither of the Californians met her. But they met and conquered most of the other women stars assembled hereabouts, with the exception of Mrs. Mallory and Miss Browne.

And Mrs. Mallory will never forget the thrilling, slashing tennis she had to play last Friday to eliminate Mrs. Bundy in the national semi-final for the stadium and strategy she was forced to summon to retain her title the following day, after Miss Browne had won the first set of the final.

These two western tennis heroines opened their eastern campaign by bowling over all other entrants in the New York State tournament. Mrs. Browne beat Mrs. Bundy in the final.

The next day the Santa Monica maiden took the title away from Miss Marie Wagner of New York, the 1920 champion. Miss Helen Willis, 16 years old of Berkeley, Cal., became the national junior champion by defeating Miss Virginia Carpenter of Philadelphia at Forest Hills.

Miss Browne and Mrs. Louise R. Williams of Los Angeles won the national doubles title at Forest Hills.

Willis E. Davis of San Francisco won a leg on the Meadow Club, by a Southampton by defeating Vincent Richards, last year's winner, in the challenge round.

THE KINSEY BROTHERS, Robert and Howard, of San Francisco, were semi-finalists in the doubles at the Newport Invitation tournament, and finalists at Seabright, when they lost to the Davis Cup combination, Williams and Washburn.

Philip Neer of Leland Stanford Junior university, the intercollegiate champion, and Walter J. Bates of the University of California, garnered plain and fancy victories in an assortment of eastern tournaments.

And William M. Johnston of San Francisco won both the Longwood tournament and the one at Seabright by beating H. Norris. Williams of Boston, Pacific-Northwest expert.

Some of the pro-West experts are predicting he will downplay Willis E. Davis in the championship tournament at Philadelphia.

'Bill' Johnston

Probably the greatest tennis player in the world, "Bill," of course, hails from California, where most of the champions learn their game. "Bill" is the hope of America in the Davis cup matches next month.

Davies and Neer Have Hard Game On Their Hands

LOSTON, Aug. 22.—Much of the interest in the opening play of the National doubles championship lawn tennis tournament on the Chestnut Hill courts of the Longwood Cricket club today will center in the appearance of the veteran former singles champions, William A. Larned and William J. Clothier. Opposed to them in the first round will be the British Davis cup pair, Captain Maxwell Woosnam and G. G. N. Turnbull. At the recent Seabright tournament, the British players were defeated by another team of old-time stars, Holcombe Ward and Dwight F. Davis.

R. Norris Williams, H. and Watson M. Washburn, who have been sweeping everything before them in tennis this year, will meet the Californians, Phil Neer, intercollegiate champion, and James Davies tomorrow. A third match of importance in the opening round will find Robert and Howard Kinsey, the California brothers, who have been showing a strong doubles game on eastern courts, facing Marshall Allen and William Taylor, Pacific-Northwest experts.

The junior singles also will be decided here this week, and many prominent players will participate in a mixed doubles tournament.

Men Players to Get Limelight For a Change

By HENRY L. CAMPBELL.
International Press Staff Correspondent.
BOSTON, Mass., Aug. 22.—The tennis spotlight, which played the fair ones last week at Forest Hills, shifts over to the male racket wielders here today for the biggest week of the court season.

Five national championships are to be decided on the courts of the Longwood Cricket Club, starting this afternoon and going through until Saturday.

The national doubles championship is the most important of stakes on the schedule, which also includes the boys and junior championships, the national mixed doubles championship and the national father and son championship.

As an added feature, a special ladies' tournament will be conducted at the club which numbers among the entries the sensational Californian pair, Mrs. May Sutton Bundy and Miss Mary K. Browne, and practically all of the high ranking players who played last week at Forest Hills.

INTERNATIONAL FLAVOR.
International flavor is added to the doubles championship by the presence of the British Davis Cup team, Max Woosnam and G. G. N. Turnbull will play the team of E. Gordon Lowe and E. W. Myers will play together.

Richard Norris Williams and Watson M. Washburn, members of the American Davis Cup team, are favored by experts to win the doubles title. They have been playing a brilliant game all season.

William T. Tilden, world's singles champion, and Vincent Richards, the former youth, are regarded highly, as well as the Californian brothers, Richard and Howard Kinsey, and William M. Johnston and Willis Davis.

ROOSEVELT NOTE MADE OUT BY FORGER, VIEW

Woman Who Claims \$69,900
From Colonel's Family
Held in Jail.

By Universal Service.
NEW YORK, Aug. 22.—There is an extensive criminal ring in this country that preys on the estates of wealthy and prominent persons by filing spurious claims of indebtedness.

The claim of Mrs. Emma Richardson Burdett that in 1912 she loaned Colonel Theodore Roosevelt and Charles V. Shannon \$69,900, and that the Colonel endorsed a note to her to that amount, supports the contention.

Thy should Colonel Roosevelt, independently wealthy and internationally famous, seek a loan from an obscure woman through the medium of an equally obscure man? This question forms in part the answer of the Roosevelt estate to Mrs. Burdett's claim.

The Colonel's signature is a forgery, members of his family insist. The district attorney's office agrees with this view and has lodged Mrs. Burdett in the Tombs prison.

Although the signature on the note closely resembles that of the former President, it is pointed out that he was not in the habit of prefixing a title to his name when signing anything. The note contains his title as part of the endorsement.

Little of Mrs. Burdett's life until she came to Danville, Ind., where she was married, is known. There she conducted a matrimonial agency under the names of Emma Burdett, Emma R. Burdett and Emma L. Burdett.

Her method of operation was to advertise that a beautiful and highly educated woman whose property was tied up in litigation wished a situation as housekeeper. "object matrimony."

Scores of men answered the advertisements and to them she wrote asking money for wedding trousseau and traveling expenses. If the man sent funds he never heard from her again.

For these alleged frauds the woman was sentenced to imprisonment. The note with which the Colonel's widow for collection ten months after his death. Mrs. Burdett says the money was a trust fund to advance that a beautiful and highly educated woman whose property was tied up in litigation wished a situation as housekeeper.

Colonel Roosevelt vouched for Shannon, she asserts, and the latter paid the interest on the note up to 1917.

Assistant District Attorney Downing says he believes Mrs. Burdett is the victim of a band that has defrauded many prominent men and women by presentation of spurious notes. He states the fact that Mrs. Burdett asked that the principal be returned in four installments, three of \$20,000 each to go to others than herself, supports his theory.

THIRSTY AMERICANS.
LONDON, Aug. 22.—Desire to get more trade from thirsty Americans is said to have been responsible for the agitation which resulted in extending in four installments, three of \$20,000 each to go to others than herself, supports his theory.

Coming hard on the rumor that Mrs. Cecilia Sorel may also leave the Comedie because the management will not award her 1500 francs instead of 1000 francs per performance, the departure of de Max has caused an enormous sensation in the dramatic world.

Mme. Sarah Bernhardt has telegraphed him congratulating him on "cutting loose from the shackles that blind genius." Mme. Bernhardt has consistently refused to accept the state subvention.

PARIS, Aug. 22.—Mlle. Polaire, "the ugliest woman in the world," she of the waxy waist, is no success as a director of her own theater. Seven months ago Mlle. Polaire subsidized M. Marjail to open a theater in Montmartre. She gave successively three plays, in all of which she played herself. Even her presence on the stage, however, failed to tear audiences away from their favorite "undress" shows, and now P. L. Fiers has obtained the lease of the Marjail theater at a bargain.

The greatest tragedian on the French stage, M. de Max, after a brief but bitter quarrel with the manager of Fine Arts, has quit the Comedie Francaise, governmentally subsidized, to play at Femina, an independent theater.

HAWAIIAN WORDS ADOPTION CERTAIN BY PRESS MEET

Native Idioms, Beloved of
Visitors, Part of Lure
Honolulu Exerts

HONOLULU, T. H., Aug. 22.—Mainland newspaper men arriving in Honolulu for the first time to attend the World Press Congress sessions here in October find it hard to believe at first that they are reading United States territory.

For in idiomatic language, customs, many foods, traditions, vegetation and climate, this far-flung outpost of the United States differs from the mainland as night differs from day.

As bents its position—"at the crossroads of the Pacific"—Honolulu probably is the most cosmopolitan community under the American flag. Here are Filipinos, Japanese, Chinese and natives of all other Pacific Ocean lands and islands in profusion. Bearded and tanned Hindus stalk majestically the narrow streets and representatives of practically every other race and nation in the world are seen in town or along the exceptionally well built and maintained automobile boulevards that thread the island of Oahu, on which Honolulu is situated.

Visiting newspaper men will walk through streets lined with palm trees, crowned with bunches of green coconuts. In other districts they will crunch fallen dates which carpet the earth. They will eat "poi," to which is attributed the mighty athletic prowess of Hawaiians. "Poi" is made by crushing the roots of the taro plant, which resembles the sweet potato or yam of the mainland. Hawaiians eat it with their fingers and the varieties range from "one finger Poi" to "four finger Poi," the variation being in the consistency. The newspapermen will find alligator pear, which is rare and expensive luxury on the mainland, common and comparatively cheap in Hawaii.

But perhaps the greatest difference between Honolulu and the mainland is in the adoption by nearly all residents of several dozen native words which are used in preference to English equivalents.

There is, for instance, no North, South, East or West. Instead of north it is "ewa," toward the Ewa plantation in the northern portion of Oahu. "South" is "ka'ala," toward the mountains, is east and "makai," toward the sea, is west.

No "kama'aina" or old-time residents, ever. Hawaiian say, "It is done," he says "I am pau," pronounced "paw," which also means to stop. Instead of saying "Stop that," one says "pau." A "keep out" sign is "pau" in Honolulu. Instead it is "kapa."

To almost all mainland Americans the word "kanaka" designates a race of people, the Hawaiians. As a matter of fact the word in Hawaiian means "man." A "kanaka" is a man; a woman is a "wahine."

Practically every Hawaiian proper name has a meaning. The Duke Kahanamoku, world's champion short distance swimmer, as an example, means "the boatbuilder." "Ka" means the; "hau" to work, and "moku" means boat.

Haleakala, the great extinct volcano crater on the island of Maui, means "House of the Sun." Halemau, the mighty fire pit in the volcano of Kilauea, means "House of Everlasting Fire." All the names of Hawaiian priests, priestesses, chiefs and kings ending in "lani" or "Kali" signified that persons bearing those names were associated with heaven.

A literal translation of ukulele, musical instrument of wide renown, is the "bouncing flea," as "ukule" means flea and "lele" means jump. Anything that is good is "ono," but "oma" means intoxicated. "Pua" is flower, but "Puaa" is a pig, a distinction which makes an Hawaiian lover extremely careful of his pronunciation.

"Aloha," one of the widest known Hawaiian words on the mainland, is a greeting, but it has other meanings. At the same time, circumstances dictating whether it means "hello" or "good bye."

If one thirsts and asks an Hawaiian where he has water, a mainland visitor usually is downcast when the Hawaiian seems to reply, "why no." What he really says is "Wai no," which means that he has plenty of water and that the questioner is welcome to help himself.

NEW PIEDMONT
Tonight at the New Piedmont Theater D. W. Griffith's latest screen sensation, "Dream Street," in which Carol Demster, Edward Piel and Tyrone Power are starred, will open for a three days' engagement. "Dream Street" is the picture that Griffith has been working on over since the completion of "Way Down East." While it is not as lengthy as the former, it contains more of the same than as much of art of masterful direction, of great acting and of depth of story. It is a story of love, romance and laughter in the Limerick of the Limerick, and is a photograph that will hold the interest of young and old alike. The unusual popular prices will prevail at the popular neighborhood theater during the engagement.

AUDITORIUM
W. A. Russo will show Metro's pictureization of "The Four Horsemen of the Apocalypse" for a brief engagement of the Oakland Auditorium Theater, beginning with the matinee on Saturday, September 3, and continuing twice daily thereafter.

In the cast of the "Four Horsemen" are such well known players as Rudolph Valentino, Alice Terry, Joseph Swickard, Pomeroy Cannon, Virginia Warwick, Edward Connelly, Mah Van Buren, Alan Hale and many others.

The advance sale of tickets will be held at Sherman, Clay & Co.

CHIMES
Clara Kimball Young in her latest picture, "Charge It," will be the main attraction at the Chimes Theater today. The picture was presented to an enthusiastic audience yesterday and was well received. Miss Young portrays four distinct characters. The modest housewife, the woman of wealth, the nurse and the dishwasher in cheap restaurants, are characterized by Miss Young as only she is capable of doing.

Supporting the star are such well known players as Herbert Rawlinson, Betty Blythe, Nigel Harrie, Hal Wilson and Dulcie Cooper.

ORPHEUM

"Over the Hill" has started on its engagement at the Orpheum Theater with the same rush for admission that proves again the wisdom in William Fox in selecting simplicity as the working theme of his cinema masterpiece.

The picture has had a phenomenal run in New York and is breaking all records for attendance in San Francisco.

"Over the Hill" is a simple tale of simple people, but it is real. Alive with comedy situations the picture proceeds along the even tenor of its successful way, making no appeal to the spectacular, sensational or melodramatic.

"Over the Hill" continues for the remainder of the week with matinees daily. There are but two performances each day, at 2:15 and 7:15, and symphonic music is provided by Caesar Brand's celebrated orchestra.

NEW FRANKLIN

"The Hell Diggers," with Wallace Reid in the role of a fighting engineer who turns the tables on a band of dynamiting gold dredgers, heads the program at the New Franklin theater for the week ending Friday night. Ernie Mikles and his U. C. Toddle automotors, and Dr. Vandenberg's "Slaying the Hippopotamus" are among the other features of the unusual bill.

"The Hell Diggers" was written especially for Wallie Reid by Byron Morgan, author of "The Roaring Road" and so many of the Saturday Evening Post stories which have been used by Reid as starring vehicles.

Pretty Lois Wilson, star of so many of William DeMille's big productions, plays opposite Wallie Reid. Included on the program are "Beat It," with Snooky, the "humanzee" and Pathe color views and news flashes.

KINEMA

A wife who turns detective to clear the name of her wrongly accused husband, and a man who befriends the innocent clerk and then tries to steal the clerk's wife, are the stars in "Jazzing Laps," in which Edith Roberts stars on the double program at the Kinema this week.

The other feature is Book Three of the 30,000 foot production, "Miracles of the Jungle." This is called "In the Hands of the Apes" and has to do with the exciting adventures of an American in an African secret service man in Africa, and of two girls who have come across his path in his search for a murderer wanted in the "states."

"Long Legs" gives the beautiful Edith Roberts chances, to display great emotional talent, at the head of a carefully chosen all-star cast.

The double bill will run until Friday night, when it will be followed by Book Four in "The Miracles of the Jungle" and by Geraldine Farrar in "The Riddle Woman."

T. & D.

Humor predominates on a big bill of three attractions at the T. & D. theater. The laughs begin in "Scrambled Wives," of which Marguerite Clark is the star, continue through "The Man Who" which offers Bert Lytell and wind up in a gale when Johnny Hines makes his appearance in "Torchy's Double Triumph."

In "Scrambled Wives" Marguerite Clark has one of her best roles—a boarding school miss whose matrimonial entanglements not only provide complications for herself but ensnare everyone around her.

"The Man Who" is Lloyd Osbourne's magazine story of the man who set out to smash the shoe trust by persuading everyone to go barefooted.

"Torchy's Double Triumph" is undoubtedly the funniest of the series in which Johnny Hines has been starred. Foreman's orchestra and Charles Wilson's organ recitals complete a program of rare selection.

Pola Negri is announced to follow in her second big production, "Gypsy Blood."

LOEW'S STATE

The bill that opened yesterday at Loew's State Theater is one of the most attractive yet advertised by Manager Eugene L. Perry. Elton Percy is the screen heroine for the first three days of the week in her latest William Fox picture, "Maid of the West," telling the story of a western cowgirl who outwits a band of New York society crooks.

A new Aaron Hoffman sketch, "Straight," a clever comedy, is the playlet in which Frank B. Dixon and Marguerite Clark shine at the top of the variety. Downing and Bunin Sisters, capable entertainers, furnish much comedy and some songs and dances in their act. "It is a Laugh," Evana Merck, Call No. 1 in "A Broeze from Mark Twain," personate three of the most famous of Twain's book characters. Bob Robinson and Renee Pierce, Loew circuit stars, call their act "Clutching the Money," while Peters and LeBuff are heralded to do some thrills and falls. Niagara and Yosemite, The Guyeys, are an extra added attraction.

Paul Ash and his orchestra made a special hit with the concert renditions.

Commencing Wednesday, the State will feature the film, "Wet Gold," a thrilling story photographed under the sea.

AMERICAN

"The Ten Dollar Raise," brilliant film version of Peter B. Kyne's celebrated story, "Don't Call Me Little Girl," a clever version of Billie Burke's famous stage play "Jerry," featuring Mary Miles Minter, are the joint headlines of the double bill at the American.

The Kyne offering is of apical interest locally: first because the author's home is in Berkeley, secondly because the action of the story is set in recent feature in the Saturday Evening Post, is laid in San Francisco and Oakland. Indeed, it is said that the story is taken from the actual experience of an Oakland capitalist.

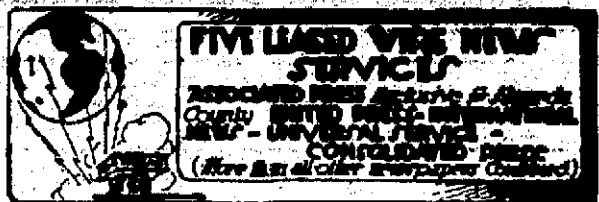

Mary Miles Minter stars in the role made famous by Billie Burke. This is her first appearance since her recent trip to England, and is artistically staged by the Reelart directors.

John Wharry Lewis and his orchestra offer a special musical program and Edgar Baylis is at the console of the American's big organ.

"Topics of the Day" round out the bill.

WORLD WAR MEN RALLY IN YOSEMITE

Governor Stephens Outlines Work Ahead For Legion And Problems Country Faces With Foreign-Born

By SETH T. BAILEY.

YOSEMITE VALLEY, Aug. 22.—The third annual state convention of the American Legion, department of California, opened here today at 10 o'clock with 800 delegates from all parts of the state in attendance.

The convention session was opened by State Commander Byron H. Pitts, who called the delegates to their feet, following which Reed B. Cherrington, state chaplain, recited the opening prayer. With bowed heads the delegates stood for several minutes in silent meditation for their departed comrades.

Stephen T. Mather, director of national parks in California, welcomed the delegates. He paid tribute to the work of the Legion in this state, and especially to the Legion's efforts in securing aid for the disabled veterans.

"No one is more entitled to the use and enjoyment of our national parks than are the men who fought for their preservation."

"And few appreciate our national playgrounds as much as you men who have lived in the out-of-doors."

GOVERNOR TELLS PROBLEMS. Mather was followed by Governor William D. Stephens, who told of the great work ahead of the Legion and of the problems that this country is facing today in the way of teaching our foreign born and their children the essentials of Americanism.

The report of the state executive committee on the recent forged wire scandal in a San Francisco post, which was promised to be thrown open to the public today, and which it is said implicates three legion officials, was not made public.

It is expected to come up Wednesday. The report of the committee yesterday turned over the proceeds from the Busch gardens to the American Legion to help disabled men.

Charles H. Kendrick, San Francisco national committeeman in California for the Legion, urged legislation to require all lessons, both in English and wherever possible. He also asked for legislation to remedy unemployment.

Parts of Yosemite valley today remain closed to the public because of the fire in the Maricopa in 1918. The only element lacking is shell holes and the actual rubble of battle. Arriving late last night, many Legionnaires pitched camp in the state and camped out.

DRIVER IS SOUGHT. According to Walsh, the only one of the victims able to tell of the accident, the car which collided with his machine contained several men. An effort is being made to locate the driver of the second machine.

W. D. Anderson, owner of an automobile repair shop and garage in Alameda, after working for a long time on the construction of an automobile especially designed for camping purposes, started on his two weeks' vacation Saturday.

He was driving the car and had gone only two blocks when his machine was struck by a truck and the left front wheel was torn off. No one was injured.

Harry Clark, aged 18, 735 Forty-fifth street, suffered bruises, and Stanley Sorenson, aged 19, 634 Fifty-second street, was cut on the right knee in an auto accident at Forty-first street and San Pablo avenue, Oakland, yesterday.

WOMAN'S ANKLE HURT. Fred Keeney, aged 15, 1415 Twelfth street, Oakland, was struck by automobile Number 517,483 at Seventh and Castro streets yesterday. He was badly bruised but not seriously hurt.

Bernice Purvel, aged 13, 885 Thirtieth street, Oakland, sprained her ankle in jumping from her father's auto as it drew up to a curb in front of her home.

Lee Gun, a Chinese merchant of 113 Waverly place, San Francisco, is in a serious condition at Fairmont hospital today as a result of being run down by an automobile at midnight at Kearny and Sacramento streets. The machine was piloted by Louis Hurwitz, who was charged with reckless driving.

Tahiti Drunkards Reformed by Use of 5 Per Cent Beer

FIVE per cent beer, which was barred from sale in the United States, is now being used to make sober the drunken natives of the South Pacific, according to Horace Hare, 250 Grand avenue, Oakland, who arrived here today on the steamer Tahiti.

Hare represents the American Brewery interests who recently took over a bankrupt plant at Papeete capital of Tahiti.

According to Hare, the natives for many generations have manufactured and consumed a gin made from coconut milk. He said: "This gin caused the natives to run amuck and while under the influence of this drink they committed many crimes."

Thereupon the government of Tahiti gave a liberal concession for the manufacture of 5 per cent beer, and we are receiving hearty co-operation in the distribution of this beverage throughout the islands.

The government hopes the beer will have the effect of making sober the thousands who have been for many years drinking the deadly gin.

The machinery used in the manufacture of this beer was taken from dismantled plants of the Oakland district and shipped to Tahiti.

Inauspicious time for requesting funds for the benefit of the service men. Representatives of the Legion at Sacramento were informed by members of both the administration and anti-administration forces that it would be impossible to secure a cash bonus. We were advised that an attempt to do so would endanger our entire program.

The program that was fought for, and obtained, and was praised by the governor as the best adopted by any state, included the following features:

1. Appropriation of \$500,000 for assisting veterans to continue their education; not more than \$1000 to be devoted to any one veteran.

2. Appropriation of \$1,000,000 for land settlement. This and the above are administered by the Veterans' Welfare Board of five members.

3. The act, says the report, "is interpreted after the General Land Settlement Act. However, our act relaxes the stringent regulations and conditions of the General Land Settlement Act, which rendered it so unpopular with ex-service men. Under the Veterans' Act, it is possible for a veteran without funds to acquire a farm."

4. Appropriation of \$2,000,000 for financing veterans in the building of homes or buying of homes or farms. Terms, not over forty years' time and not over 5 per cent interest annually.

BOND ISSUE FAVORED. 5. Bond issue of \$10,000,000 to be voted on in November, 1922, for the increasing of the land settlement and home buying activities.

6. Legislation regulating aeronautics, making certain risks illegal.

7. Preference for veterans in civil service examinations.

8. Services of county officials to veterans in urging claims for war risk insurance.

9. Exemption of disabled veterans from payment for peddlers' licenses. Laws making Armistice Day a holiday, prohibiting the wearing of the Legion emblem, and other laws were also included in the summary.

Chairman Hatfield praised the work of his fellow committee members, all of whom had served at Sacramento at their own expense. The names of George J. Sorenson, Robert Smith of Eureka, Leon French of San Francisco, Walter Kibby of Imperial, Milton Sapro of San Francisco and Judge A. E. Gump of San Francisco are expressly mentioned.

MAYOR BALKS OVER CONFAB ON INDUSTRY

Labor Delegation Seeking Discussion of Unemployment Fails of Purpose, and Gambling Charge Ignored

Another discussion on Oakland labor conditions was avoided today by the city council when Mayor Davis quashed an application by J. H. Wright, head of a delegation interested in labor affairs, who wanted the council to participate in a general meeting Thursday evening in the council chambers to discuss unemployment.

The mayor recently vetoed his wrath when a labor delegation appeared with a complaint that there is gambling in the Labor Temple. The mayor at that time, when the delegation was introduced by Commissioner Edwards, said that the present labor disputes must not involve the council.

Today, when Wright spoke, Mayor Davis broke him off.

"I told you about that," he said. "They want you to take it up."

"Take it up yourself; you started it," roared the mayor.

"This is the right and proper place to thresh things out," said Wright.

"Take it up with the mayor's office," suggested Edwards.

The mayor walked out.

The labor delegation was present to discuss the new ordinance which would prohibit gas engines working all night when near residences. Commissioner Colburn said he had taken the matter up with a delegation of citizens and was not ready with a report.

The county sealer of weights and measures reported that since the city gave him permission to examine peddlers' scales in the city there has been a marked improvement in the weights and the ethics of the vendible business. He said 164 scales have been examined.

The positions of extra engineer and three levelmen were created temporarily for the council for the work of preparing for dredging Lake Merritt.

The sum of \$2800 was set aside for the usual annual police investigation fund, \$1126 was appropriated for repairs on Engine 4 house, and the salaries of a bookkeeper and elevator operator were raised because of their long term in office, according to the regular seniority plan.

Trial of \$50,075 Damage Suit Opens

Alleging she is permanently incapacitated by injuries sustained when a San Francisco-Oakland Terminal Railway train struck an auto in which she was riding, Miss Ethel Gallagher today brought suit for \$50,075 damages.

Trail of the case before a jury in Superior Judge Joseph S. Koford's court was begun this morning.

Miss Gallagher, in her complaint, declares that on October 13, 1919, she was riding in an automobile as the guest of Arthur Woodmanse.

While going along Adeline street the auto was struck on the left side by the rear end of a street car, suffering concussion of the spine, had several teeth broken and was unconscious for a week. She charges the accident was the result of carelessness on the part of the train crew.

Berkeley Girl Home After Achieving Fame as Dancer

MISS EDITH LINDSAY, former Eastbay girl, who is visitor in Berkeley after winning success in south as dance creator

"Rose Ballet," With Fifty Children in the Cast, At Hollywood, Creation of Miss Edith Lindsay.

BERKELEY, Aug. 22.—After achieving distinction as one of the leading artists of the southland, Miss Edith Lindsay of Hollywood, former Berkeley girl, is being greeted in the bay section once more.

Since going to Hollywood five years ago, Miss Lindsay has taken a place as one of the most gifted of the dance creators in the south. She recently produced the "Rose Ballet," given as a prelude to the "Pageant of San Gabriel," with fifty children in the cast, a spectacle that was later reproduced on the screen.

Miss Lindsay is combining business with pleasure on her trip to the bay section and is studying with Adolf Bolm, former director of the Imperial ballet. It was in the bay section, while making her home in Berkeley and also in Alameda, that Miss Lindsay, who is well known in Eastbay society circles, gained the first training which has won recognition in the southern part of the state.

While in Berkeley Miss Lindsay is the guest of Mrs. G. A. Marvin, and her daughters, the Misses Alice and Virginia Marvin, 2827 Ashby avenue.

GOES TO JAIL RATHER THAN PAY HIS FINE

San Leandro Chiropractor Convicted Before Superior Court; Berkeley Healer Admits Guilt Without Fight

Meeting to serve fifty days in rather than pay a fine of \$500, San Leandro chiropractor J. E. Shah Za De San Leandro today surrendered himself to Sheriff Frank Barnett and locked up in the Alameda county jail.

As the jail door swung shut behind him Shah Za De was greeted warmly by L. D. McCash, Berkeley chiropractor, who is serving a similar sentence for a similar offense.

Shah Za De was sentenced by Superior Judge Lincoln S. Church criminal court this morning.

The first of the chiropractors to fail to make a fight over his arrest, a violator of the law prohibiting practice of healing without a license appeared before Superior Judge George Samuels today and pleaded guilty. He is H. Alfred Anders, 2305 Ward street, Berkeley. He was sentenced Thursday. Other chiropractors have been convicted after vigorous court battle.

Jury Hears Witness in Mrs. Head's Case

Mrs. Aletha Head, who demands a trial by jury to determine the truth of the findings of the inquest commission, which declared her same, was brought into court this morning before Superior Judge A. St. Sure. A jury to hear the case was secured Friday afternoon, when Judge St. Sure ordered the hearing postponed until today.

Mrs. Head appeared in court dressed in a hiking suit of brown, with a shawl draped over her shoulders, over which she wore a cloth cape that was discarded in court.

Dr. C. A. Wells, alienist, was first witness examined. Dr. Paul Neubaumer and Ernest Holmboe, police officer, were the other witnesses placed on the stand during the morning session. Holmboe, who is properly custodian at the Oakland City Hall, is the complaining witness against Mrs. Head.

House Owner: But how was I to know it was poor paint? I'm no paint expert.

Painter: It doesn't take a paint expert to get reliable paint these days—just ordinary intelligence. For instance, you ought to know that there is a Company of paint experts that have been making house paint for nearly fifty years; making it from accurate formulas, mixing and grinding it with powerful machinery; manufacturing every important ingredient; putting in just what all these years of experience have taught them is the Best. That Company is the Sherwin-Williams Company and the paint is known to us painters as SWP. Wouldn't you be safe in trusting such a paint?

The painter is right, as we can prove by scores of house owners in this town. If you want your house to stay painted get SWP from us.

MONDAY, AUGUST 22

Annah, first steam vessel to cross the ocean, was built in 1818. In 1851 the yacht America won the intercontinental race at Cowes, England. Melville Stone (1848), and John D. Rockefeller (1868) were born on this day which, otherwise, distinguishes it.

ed the vision which the word den always conjured up to him. This was the vision of the door of the typical den being opened by a wife, and of the wife saying in a mingling voice, "This is George in his den," and of boarding house females peering over the wife's shoulder and smiling fatuously at the denizen who, in an old shooting jacket and slippers, grinned vacuously back at them.

The man who owns a den always has a smoking jacket, a tobacco jar, pipe-rack, and some sofa cushions reminiscent of college days. He is supposed to revel in the opportunity for reflection, repose, or smoking in a room where he is surrounded by those things that are all his own. What we would like to know is the name and address of anyone who ever saw a man in his den or the same of any man who ever took pleasure in inhabiting such a place.

CANTALOUPE OF RIVER RANCHES SOLD HERE NOW

Antioch Grapes Added To List in Produce Market in Oakland.

This year's initial offering in quantity of cantaloupes from the river ranches were made today. As against about \$4 a crate on the first shipments from Turlock, the river lugs of about the same quantity to day brought from \$1.25 to \$1.35. The river melons are deemed by the trade to be superior in flavor to those from the south and were fairly well

Steady shipments by boat are expected daily now. There is said to be a good river crop.

Turlock cantaloupes today sold down to about 50 cents.

Black Prince grapes from the Antioch vineyards took their place with other commodities in the market here today. Lugs being quoted up to \$2.75. There is said to be an ample supply of Antioch grapes now ready for the market.

Some activity following restricted offerings of sweet corn, a moderate demand for tomatoes which brought a top of \$1.75 on lugs, and a steady taking of most other green vegetables without any show of competition.

Beans and beans continue to glut the market and have sold for almost any price to bring removal from the stalls.

Second crop Mission figs now coming in in quantity are chiefly of very inferior size, but the market has seemed to absorb them. Berries continued some show of strength today, strawberries selling up to within 5 cents of Saturday's high point.

Quotations on young roosters were advanced by poultrymen today about 5 cents a pound, due to scarcity.

Other conditions in the poultry market held about steady.

Banker Loans
\$4 On Dish of
Cookies, Sorry

BERKELEY, Aug. 22.—Jo S. Mills
thinks he is out four dollars
because he played the good Samaritan
to an aged woman with tears in
her eyes and a quiver in her voice.

The woman visited the bank
which Mills manages, with a box
of fragrant cookies fresh from the
oven.

"Could you lend me four dollars
to buy flour to bake more cookies
so I can make my living?" was her
plea.

Mills did. Today a letter ad-
dressed by him to Mrs. I. McGuire,
415 Wood street, Oakland, the name
and address left by the visitor, was
returned to Mills. He took the let-
ter to police station.

HELEN DOTES ON
SQUIRRELS BUT
NOT MAN-EATERS

Miss Helen McLennan, aged
18, 1515 Gordon street, answers
evasively when sympathetic friends
notice her right index finger ban-
daged, accepting their condolence
with averted gaze. Her's is one of
those rare cases when a filly is ex-
quisite. It's almost a shame to
tell the truth on her.

You see, Helen loves animals—
she makes a pet of almost every-
thing. Dogs, cats and the whole
category interest her and her hand
is always out to pet them. Yes-
terday she visited a friend who has
a pet squirrel. Her explanation
is that the squirrel mistook her in-
tentions. At any rate he bit her.
So Helen is telling little white lies
about how it happened and won-
dering if her parents should have
named her Haze.

of schools today for the fall term
was marked by the occupation of the

building strike, will not be occupied
until later in the term.

An enrolling of approximately
10,000 is expected. A meeting of
teachers was held on Saturday at the
high school auditorium with Super-
intendent H. B. Wilson presiding.
Preliminary plans for the inaugura-
tion of the new buildings and the
work of evening classes at the high
school and Burbank intermediate
school will begin next Monday.

Man With Gun Is
Cause of Police Call

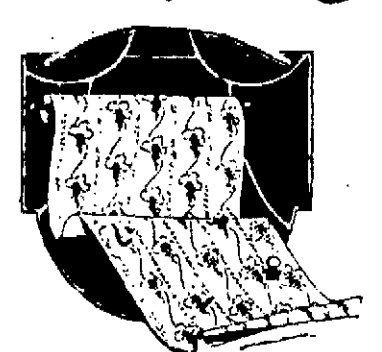

ALAMEDA, Aug. 22.—A man with
a gun, who was looking for
someone to hold up, was seen by C.
Berry, of 1729 Chapin street, and
his wife, late last night as they re-
turned from a theater in Oakland.
They saw the armed man standing
in the shadows at Lincoln avenue
and Chapin street. Instead of pass-
ing and testing the theory that the
mysterious person was a holdup
man, Berry went to a telephone and
notified the police department.
Policemen Peterson, Sevina and
Dunn were hurried to the scene but
the man with the gun had dis-
appeared.

Wandering Boy of 4

Taylor avenue. Conant carried the
little lad to the police station, where
after a time and some hair-
tugging, he was identified and sent home.

MISSING JEWELS
SOUGHT IN LOOT
OF RENO SUSPECT

Man's Confession Expected
To Aid Return of Diamonds
Stolen in Piedmont.

Detective Sergeant Fred Heere of
the Piedmont police department
went to San Francisco today to try
to identify some diamonds which
were recovered by the San Francisco
police following the confession of
Compton R. Hubbard to the police
in Reno, Nev. The diamonds are
valued at \$10,000.

Heere said this morning that Hub-
bard has been operating in Piedmont
for the last three years. He was
known to the police as the three-
quarter-inch jimmy burglar. All the
houses he entered he used a three-
quarter-inch jimmy to pry open the
window.

CHICKERING HOME ROBBED.
About a year ago the home of W.
H. Chickering, 1236 Morrison avenue,
was entered and diamonds valued at
\$5000 were taken. The house was
entered by using a three-quarter-
inch jimmy. She had a jade
bracelet, jade ring and a cameo ring
which he made to the police in Reno.

GIRL LIVED AT HOTEL.
The police refused to make public
the name of the girl. They say she
was in no way connected with any
of the burglaries. At the time that
she lived in the hotel, she was
living in a fashionable hotel.

The investigation of the telephone
operator which led to the recovery
of the jewelry was made at the re-
quest of C. S. Morrill, superintend-
ent of the California State Bureau
of Identification, which is in Sacra-
mento. The detail of Hubbard's con-
fession was forwarded to him by the
Reno police.

Hubbard is charged with burglary
in Reno and if he is not convicted in
that city he will be brought back to
Piedmont, where a charge of bur-
glary will be placed against him.

Return of Family

A burglar in the act of jimmying
a rear window in the home of A.
Marks, 2153 Filbert street, was
frightened away when the family re-
turned home. As Allen Marks opened
the back gate he saw a man run
down the sidewalk and jump over the
back fence. Police Inspector William
Kyle and Lois Kersch found Marks
with a jimmy on the window sill.

BURGLAR SUSPECT,
WANTED IN S. F.,
IS JAIL ESCAPE

William Stewart Makes Get-
Away While Held After
Arrest in Illinois.

William Stewart, known as the
"broad foot" burglar suspect of
Berkeley and Piedmont, who staged
a sensational escape from the San
Francisco city prison last year, has
made another getaway and is once
more at liberty.

Stewart was arrested last week at
Centralia, Ill., for the San Francisco
police. A detective was about to
leave to bring him back today when
Captain Duncan Matheson received a
telegram telling of Stewart's daring
escape from the Central prison late
Saturday night, using a closed stair-
way to the identification bureau.

Stewart became known as the
"broad foot" burglar suspect through
large footprints on lawns and gar-
dens of sorority and fraternity
houses in Berkeley and residences in
Piedmont, the police say.

Good Scores Made
At Target Practice

Remarkable scores were made
yesterday by members of Oakland's
Company C, 168th Infantry, Califor-
nia National Guard, at the Leona
Heights rifle range. "Target prac-
tice, under the direction of Captain
Wayne R. Allen and Lieutenant
Chester H. Case, was held, begin-

tomatic rifle range and beginning at
7 a. m. Sunday morning in the
Springfield rifle range.

Fifty-four men participated in the
firing and in the rapid fire firing at
silhouette targets. Ten shots must
be fired with extreme accuracy with-
in one minute.

So well did the company do on
its third practice that a challenge
will be issued to the United States
navy and United States marine corps
and it is hoped to have many rifle
matches in Oakland in the near
future.

High men were Corporal Ralph E.
Enriquez, Corporal Francis N. Mary
and David D. Sterling, both making
high scores. The shooters were Ser-
geant Richard M. Cross, Charles
H. Olsen, Herbert C. Arnold, George
H. Warren and George H. Ernst.
Nineteen men qualified as marksmen.
Firing must be carried on at 600
yards, 800 yards and 1000 yards be-

frooked maids and matrons will pre-
side over two score or more booths
in the City Hall Plaza. There will

Games will play an important part
in the fete during the afternoon and
evening hours.

A progressive luncheon is sug-
gested by the committee, the patrons

Dog Owner Throttled
Dog Catcher, Charge

Louis Calleri, who is accused of
grabbing Arthur Silva, a dog catcher,
by the throat after he had caught
his dog, was ordered to buy a dog
license and appear in court for sen-
tence tomorrow morning.

The fight took place on July 29
at Thirty-eighth avenue and Foot-
hill boulevard. The dog was on the
sidewalk in front of the store when
he was caught. Calleri told the court
that he did not remember grabbing
the man by the neck, but did grab
the handle of the net.

SCHOOL BOARD
TO CONSIDER NEW
EXPENSE CUTTING

Day Schools and Office Over-
head Expected To Feel
Next Reduction.

Following the cut of \$75,000 in
the income of the night schools,
the Board of Education tonight will
consider further methods of economy
in other departments, it is rumored.

It is admitted by the educators
that there must be more economies
and the recent cutting of the night
schools was merely a beginning.
There are day schools and high
schools to be discussed, it is pointed
out, as well as the much-mooted
matter of the "overhead" expense in
the superintendent's office.

Employees on the eleventh floor
of the city hall are admittedly ner-
vous over the situation, feeling that
their positions are in danger. This,
however, is said not to be imminent
until Efficiency Expert Cook has
completed his efficiency survey of
the department.

Cook says he does not believe that
any involved report on such a large
proposition will be forthcoming to-
night, and perhaps it may not come
for a week or two.

Rumors that "hobbies" are ex-
pected at all the Board of Education
meetings in the near future are now
rife at the city hall. It is asserted
that, while all citizens are unanimous
in their support of school economy,
they rebel when the economy is their
particular district. Several
parents' organizations, it is said, are
planning to appear and find if any-
thing in their districts are to be cur-
tailed, and why. It is said that rep-
resentatives of some of these clubs
will appear tonight before the board
to guard the interests of their dis-
tricts.

Steamship Day Will
Be Ad. Club's Subject

Steamship Day will be the subject
discussed at tomorrow's luncheon
meeting of the Oakland Advertising
Club at the Hotel Oakland. In an-
nouncing this meeting officers of the
club point out that, as boosters for
the Eastbay district, all members of
the Oakland Ad Club are interested
in the development of local shipping
facilities.

It is stated that tomorrow the en-
tire program is to be given over to
men engaged in the shipping busi-
ness. The gathering is to be in the
nature of a get-together meeting. It
is announced, and is not to be fea-
tured by "stunts" or long speeches.
It is characterized by club officials
as "a chance to get a thorough and
complete understanding of the work
that has been done and of the prob-
lems and difficulties that are still
ahead."

Declaring that the future of Oak-
land depends in no small degree
upon her development long shipping
lines, those in charge of tomorrow's
luncheon meeting urge the members
to attend in order to learn what part
they can play in this development.
